Something to understand: that when you stream a file, you are actually downloading it temporarily and then deleting it afterward. The only thing we can really improve on is disk space management.

TT	Thomas LBRY (Tom) You got it, thanks for the support!	10/9/2018, 3:35 AM
T	Tom Compression is not possible on encrypted files, which is how data is shared on the network. At some point we hope to support video transcoding, so that could help.	10/9/2018, 3:38 AM
TT	Thomas LBRY (Tom) And remember, lbry is not only for video 😊	10/9/2018, 3:38 AM

U	Unknown Morning - I'm new to LBRY - looks very interesting and I'll research some more but if admin Tom (?) can check links in last night's update email? The Discord link in the footer is broken - currently goes to chat.lbry.io (but nothing there) - might want to check the others, too.	10/9/2018, 7:37 AM
U	Unknown Having check website, link to Discord results in too many redirects error.	10/9/2018, 7:48 AM
WS	Wailing Sailer 967 This should help https://discord.gg/9MQWez	10/9/2018, 7:50 AM
T	Tom Thanks for the heads up about the discord link, we'll get it fixed up tomorrowv	10/9/2018, 7:54 AM

U	Unknown Brilliant, thanks Tom. Didn't want to come over as a hater or FUDr! I run a dev company so I know how these little things can sneak through despite endless checking processes!	10/9/2018, 8:21 AM

We don't control the price, we focus on the development and long term success of the company.

TT **Thomas LBRY (Tom)** 10/9/2018, 3:50 PM
Exchange listings are not up to us. All crypto investments, including lbry, are highly speculative and risky.

TT **Thomas LBRY (Tom)** 10/9/2018, 3:51 PM
You didn't at all, thank you! The link is now fixed. Can we send you some LBC for pointing that out? Dm me your address.

E **erkan** 10/9/2018, 4:12 PM

all coins rise almost 2x but lbry just going to depper

T **Tom** 10/9/2018, 4:15 PM
Sorry you lost your money, but we won't put up with this type of attitude. We literally told people not to invest in lbry.

E **erkan** 10/9/2018, 4:18 PM
so why did you release lbry coins?

TT **Thomas LBRY (Tom)** 10/9/2018, 4:22 PM
So we can launch the lbry project and protocol, they require a blockchain and credits.

E **erkan** 10/9/2018, 4:30 PM
so dont answer as we told people not to invest in lbry

E **erkan** 10/9/2018, 4:31 PM
erkan:
so dont answer as we told people not to invest in lbry

U **Unknown** 10/9/2018, 4:45 PM
The team is doing things. Don't look at the price. Take it. Wait for zero. 🤖

T **Tom** 10/9/2018, 4:45 PM
Dont answer what exactly?

E **erkan** 10/9/2018, 4:54 PM
dont answer like fucking scammers. is it enough to understand for you?

T **Tom** 10/9/2018, 5:21 PM
Good bye!

JS **Julie Sigwart** 10/9/2018, 5:25 PM
We have no control over the price of the token. We work day in, and day out, to make the best software we can. All of crypto is a gamble. Why aren't you asking the Bitcoin devs why the coin is no longer at \$20,000?

U **Unknown** 10/9/2018, 5:29 PM
I totally agree!

What I would rather look at this moment is the value of populazing decentralized technology, which I believe LBRY does a very good job at
